Events - Portraits - Animals of all kinds my specialty
www.siriusphotography.net - www.siriusphotography.zenfolio.com

Hello! My name is Steve Bull & I opened Sirius Photography in 2000 to provide quality photographic services. I take pride in providing the best photographs possible & have extensive experience dealing with animals in various settings. Large dog events have been a particular specialty of mine. Thank you for your interest and I hope you enjoy owning my photographs as much as I like making them. Please feel free to contact me with any questions.

•All photographs from any given session or event will be posted to my website at **www.siriusphotography.zenfolio.com**. **Photographs will be edited for quality (focus, exposure, etc.) prior to posting - those not up to par are deleted.** The final edit for any event/project will be posted to the website. Please keep in mind that what is available for viewing at an event is usually the raw sum total of photographs without any editing for quality. Galleries will be categorized as finely as practically possible to facilitate viewing. **Photos will remain posted for a finite period as indicated in the gallery description; after this time photographs from this event will be subject to an archival fee.**

•See the front page of my Zenfolio site for discount codes that apply to order subtotals. I like to keep things simple and straightforward in lieu of "packages" that inevitably contain things you don't want or need or force you to buy more than you want.

•All of my products come from quality professional labs. Should you ever have an issue with any of my services please don't hesitate to contact me.
